It started out with the trade center bombings. The perpetrators had to be caught leading to war in Afghanistan.

Next came the rush to Iraq. The Bush administration argued that Iraq was building weapons of mass destruction. Colin Powell obtained UN support on this basis.

A largely US force attacked Iraq. No weapons of mass destruction were found.

At home, the Bush administration perpetuated a lie that Iraq was involved with Al Qaeda and the trade center bombings.

US Ambassador Joseph C. Wilson IV wrote an editorial for the New York Times stating that claims that Iraq tried to purchase radioactive materials were suspect. Eight days later, the reporter Robert Novak reveals that Wilson's wife, Valerie Plame, is a CIA agent. Novak's actions are interpreted as payback for Wilson's editorial.

Iraq has become a cause against America in the Islamic world. Osama Bin Laden was never caught. The Taliban are still strong.

And that is what this site is about. The willful misleading of the American people and the terrible policies initiated.
